Re: MASS DEMONSTRATION AT UN-HQ, NEW YORK OCTOBER 25, 2013

Dear Compatriots:

We wish to inform you and the public media at large that a major rally will be held on Friday, October 25, 2013 beginning from 11:30 am to 3:00 pm at the UN-HQ, New York.

This rally is conducted in respond to calling for support from CNRP-Phnom Penh. We call for all signatories of the Paris Peace Accords to act in resolving the current political impasse.

Cambodia under the ruling party is in breach of the Peace Accords as it is running the nation's single handedly in clear violation of the people's will.

CNRP-NA and its entire political affiliates will focus their entire efforts to make sure we have a successful turn-out at the UN – in the same manner we had exemplified during the last rally. Please make all efforts to be there since this is the most significant events to be held in conjunction with CNRP-Phnom Penh.

We appeal to all our CNRP-supporters along the East Coast to focus their energy and human resources at the UN. Petition and signatures are to be submitted to all 18 key signatories.

Please join us in large number for maximum result.

Sincerely,

Pretty Ma, SG
Cambodia National Rescue Party of North America
